Warranties

10 Year Carpet Wear Warranty
Lifetime Antishock Carpet Warranty

Ideal for Contract Use.

The subfloor should be dry, smooth, flat, dust-free and resistant to compression and load-bearing. Where seaming is necessary, a seam sealant **must** be used for all such installations. Due to dye lot variations, actual material may vary slightly from the samples. Chair pads are recommended to prevent premature wear of carpet.

Rain, mud, snow. Dogs, kids, guests. There's always something coming for your carpet – but when your carpet has built-in Scotchgard™ Protection, you're ready for it all.

How it works

The science behind the magic

What to know

What sets us apart

Repels
Spills stay on the surface.

Resists
Dirt won't adhere to the fiber.

Protects
Deep down protection from top to bottom of the fiber.
